4U 19inch Fiber Optic Patch Panel Loads 12 LGX Adapter Panels – Rack Mount

4U 19 inch Fiber Optic Patch Panel Loads 12 LGX Adapter Panels are fiber optic patch panels with 19 inch rack mounting dimensions and 4U height, standardized 19 inch width for easy installation in standard cabinets. And the 4U height provides sufficient vertical space to accommodate 12 LGX adapter panels. The LGX adapter panel can accommodate multiple adapters and supports high-density fiber optic connections. This device is widely used in scenarios such as data centers, telecommunications networks, and enterprise networks to achieve efficient fiber optic cabling and network management. By providing high-density fiber optic connection points, the 4U 19 inch Fiber Optic Patch Panel helps simplify network architecture and improve the management efficiency and reliability of fiber optic lines

FiberMania's LGX fiber optic patch panels are designed to provide connectivity and distribution solutions. This panel can be compatible with LGX adapter panels, LGX blank panels, LGX MPO cassettes. Each panel can be ordered fully terminated with adapters and pigtails from us, saving valuable installation time and labor expenses. We can also customize your logo onto the panel body or any other applications.

Features
1. LGX compatible design
2. Rack mountable
3. Holds 12 LGX adapter panels or 12 LGX MPO cassettes
4. 19" or 23" size for mounting installation
5. Front acrylic door
6. Slide out function
7. Front and rear for opening
8. OEM packaging
9. Can be ordered either empty or with adapters and pigtails fully loaded

Specifications

Fiber Capacity of panel	12-144 core(12 24 48 port usually)
Panel Connector	SC LC ST FC
Type	Sliding Fixed
Dimension	19" 1U/2U/3U/4U...
Material	Cold Rolled Steel or Aluminum
Storage Temperature	-45~+65ºC
Thickness	1.0 1.2 mm
Accessories	Cable ties, mounting ear screws, and spiral wrap tube

Q1: What is the warranty of FiberMania's fiber patch cord?
A: FiberMania warrants that all fiber patch cords supplied are free from defects in material and workmanship for a period of five (5) years from the date of supply. All fiber optic bulk cables are UL profiled and every single cable is 100% tested.

Q2: Is it possible to customize our brand information on your fiber cable?
A: Yes, we can print your brand name onto our cable jacket and 1KM total cable length is requested.

Q3: Can you do 3D interferometer test?
A: Yes, we do the 3D test per our customer's request, we can have the pass rate over 90% and even 100% if necessary.

Q4: What is your MOQ of your products?
A: We only have MOQ for some special customized cable order, we request 1km as the total length of the bulk cable, you may consider stock the bulk cable with us for your urgent order production.

Q5: Are free samples available from you?
A: Yes, we are always happy to offer the free samples for all of our customers' projects provided that the total cost is under 50 US dollars.

Q6: Do you accept OEM and ODM orders?
A: Absolutely yes, we have been doing OEM services since we start in this business, and for every single label, printing, bag and carton design, we always treat it seriously and do it nicely. Our engineers can help you with your current design and even can open the new tooling for your specific project.
