Product Description

1U 19inch Fiber Optic Patch Panel Loads 3 LGX Adapter Panels With 2 Spool – Rack Mount

The 1U 19 inch Fiber Optic Patch Panel is a rack mounted fiber optic patch panel designed for high-density fiber optic connections. It has a height of 1U, which is 1.75 inches, and supports 19 inch rack installation. This type of panel typically includes multiple fiber optic connection ports for easy access and management of fibers.

Specifically, this panel can accommodate three LGX adapter panels and provide two spool for installing other components or making additional configurations. The LGX adapter panel is a high-density adapter used for fiber optic connections, capable of supporting multiple fiber optic connection methods such as SC, LC, UPC, APC, and other types of fiber optic connectors. This design enables fiber optic patch panels to adapt to different network environments and requirements, providing flexible fiber management solutions.

FiberMania's LGX fiber optic patch panels are designed to provide connectivity and distribution solutions. This panel can be compatible with LGX adapter panels, LGX blank panels, LGX MPO cassettes. Each panel can be ordered fully terminated with adapters and pigtails from us, saving valuable installation time and labor expenses. We can also customize your logo onto the panel body or any other applications.
