Basic Information

- Place of Origin: Shenzhen, China
- Brand Name: FIBERMANIA
- Certification: CE, RoHS
- Model Number: FPP-24SCSL-1U-S
- Minimum Order Quantity: 10 Pieces
- Price: Negotiable
- Packaging Details: PE Bag+Carton
- Payment Terms: T/T, Western Union, L/C
- Supply Ability: 1000 Pieces

Product Specification

- Name: Fiber Optic Patch Panels
- Specification: 1U 19inch
- Adapter Panel: SC
- Product Type: Slide Out Panels
- Cable Entry Direction: Rear Entry
- Material: 1.2mm Steel
- Dimensions (HxWxD): 44.5x482x368.3mm
- Capacity: 24 Ports
- Color: Black
- Highlight: **Sliding Fiber Optic Patch Panels**, **Sliding Patch Panel 19 Inch**, **Sliding Patch Panel 1U 19inch**

Product Description

1U 19inch Sliding Fiber Optic Patch Panel Loaded with 24 SC Simplex OS2 Single Mode Adapters

1U 19 inch Sliding Fiber Optic Patch Panel is a device used to manage fiber optic connections, primarily in data centers, communication rooms, and other locations. 1U represents a height of one rack unit (1.75 inches) and a width of 19 inches, which is in line with the dimensions of standard rack equipment. This patch panel adopts a sliding design, so it has a sliding function, which can be easily pulled out and pushed in, making it easy to access and manage fiber optic connections. At the same time, this patch panel is loaded with 24 SC simplex single-mode adapters, which means each connector supports one-way long-distance transmission. This equipment is typically used to organize and protect fiber optic connections, reduce confusion in fiber optic lines, and provide easily accessible and maintainable fiber optic connection points.

FiberMania's slide out patch panels are designed to provide connectivity and distribution solutions. This panel can be supplied with universal mounting hardware for 19" or 23" mounting. Each panel can be ordered fully terminated with adapters and pigtails from us, saving valuable installation time and labor expenses. We can also customize your logo onto the panel body or any other applications.
Features
1. LGX compatible design
2. Rack mountable
3. Holds 3 LGX adapter panels or 3 LGX MPO cassettes
4. 19" or 23" size for mounting installation
5. Front acrylic door
6. Slide out function
7. Front and rear for opening
8. OEM packaging
9. Can be ordered either empty or with adapters and pigtails fully loaded

Specifications

Fiber Capacity of panel	12-144 core(12 24 48 port usually)
Panel Connector	SC LC ST FC
Type	Sliding Fixed
Dimension	19" 1U/2U/3U/4U...
Material	Cold Rolled Steel or Aluminum
Storage Temperature	-45~+65ºC
Thickness	1.0 1.2 mm
Accessories	Cable ties, mounting ear screws, and spiral wrap tube

Q1: What is the warranty of FiberMania's fiber patch cord?
A: FiberMania warrants that all fiber patch cords supplied are free from defects in material and workmanship for a period of five (5) years from the date of supply. All fiber optic bulk cables are UL profiled and every single cable is 100% tested.

Q2: Is it possible to customize our brand information on your fiber cable?
A: Yes, we can print your brand name onto our cable jacket and 1KM total cable length is requested.

Q3: Can you do 3D interferometer test?
A: Yes, we do the 3D test per our customer's request, we can have the pass rate over 90% and even 100% if necessary.

Q4: What is your MOQ of your products?
A: We only have MOQ for some special customized cable order, we request 1km as the total length of the bulk cable, you may consider stock the bulk cable with us for your urgent order production.

Q5: Are free samples available from you?
A: Yes, we are always happy to offer the free samples for all of our customers' projects provided that the total cost is under 50 US dollars.

Q6: Do you accept OEM and ODM orders?
A: Absolutely yes, we have been doing OEM services since we start in this business, and for every single label, printing, bag and carton design, we always treat it seriously and do it nicely. Our engineers can help you with your current design and even can open the new tooling for your specific project.
