Product Description

Fiber Optic Termination Box Plastic Housing Loaded With 6xLC Duplex Adapter and 12 Fibers Pigtail

Serving as a vital termination point in FTTX networks, effectively accommodating the needs of at least two users. This termination box streamlines splicing, splitting, storage, and management of fiber connections while providing ample space for organization. It is extensively utilized as a termination point within FTTX communication systems, ensuring reliable connectivity for both indoor and outdoor applications. With its robust design, the termination box not only enhances network efficiency but also simplifies installation and maintenance processes. Its versatility allows it to adapt to various environments, delivering a dependable solution for all fiber optic needs. Whether deployed in residential or commercial settings, FiberMania's termination boxes are meticulously engineered to provide optimal performance and durability, fully meeting the demands of modern communication networks.

Application

1. Local Area Networks
2. Widely used in FTTH access network
3. Telecommunication Networks
4. CATV Networks
5. Data communications Networks

Features

1. Excessive fibers can be stored in storage baskets. Easy in fiber management.
2. Fully mechanical sealing. Easy installation and reentry. No other sealing adhesive tape is needed.
3. Base and dome sealed with clamp and O-ring system. Cable entry ports sealed with rubber.
4. The splice trays are hinged for access to any splice tray, without disturbing other trays.
5. The inner parts and fixing parts are made of stainless steel
6. With a earthing device protect it from damage by lightning

FAQ

Q1: What is the warranty of FiberMania's fiber patch cord?

A: FiberMania warrants that all fiber patch cords supplied are free from defects in material and workmanship for a period of five (5) years from the date of supply. All fiber optic bulk cables are UL profiled and every single cable is 100% tested.

Q2: Is it possible to customize our brand information on your fiber cable?

A: Yes, we can print your brand name onto our cable jacket and 1KM total cable length is requested.

Q3: Can you do 3D interferometer test?

A: Yes, we do the 3D test per our customer's request, we can have the pass rate over 90% and even 100% if necessary.

Q4: What is your MOQ of your products?

A: We only have MOQ for some special customized cable order, we request 1km as the total length of the bulk cable, you may consider stock the bulk cable with us for your urgent order production.

Q5: Are free samples available from you?

A: Yes, we are always happy to offer the free samples for all of our customers' projects provided that the total cost is under 50 US dollars.

Q6: Do you accept OEM and ODM orders?

A: Absolutely yes, we have been doing OEM services since we start in this business, and for every single label, printing, bag and carton design, we always treat it seriously and do it nicely. Our engineers can help you with your current design and even can open the new tooling for your specific project.
