Basic Information

- Place of Origin: Shenzhen, China
- Brand Name: FIBERMANIA
- Certification: ISO, UL, CE, RoHS
- Model Number: FAP-LCAD8LS
- Minimum Order Quantity: 10 Pieces
- Price: Negotiable
- Packaging Details: Polybag
- Delivery Time: 7-10 working days
- Payment Terms: T/T, Western Union, L/C
- Supply Ability: 100000PCS/Month

Product Specification

- Fiber Count: 16 Fibers
- Dimensions (HxW): 129x29mm
- Number Of Ports: 8
- Adapter Type: LC Duplex
- Fiber Mode: Single Mode Or Multimode
- Material Of Plate: Steel, Powder-coated Black
- Application: LGX Patch Panel
- Color: Green/Blue/Beige/Aqua/Magenta
- Highlight: **Duplex LC Adapter Panel,
8 Port Fiber Patch Panel Single Mode,
Multimode Fiber Patch Panel 8 Port**

Product Description

LC Adapter Panel 8 Ports Loaded w/6 LC Duplex Single Mode or Multimode Adapter

Our Fiber Optic Coupling Panel is specifically designed for Single Mode fiber optic cables, ensuring a stable and reliable connection. The LC Duplex adapter type is ideal for high-density applications, providing a compact and efficient solution. The Fiber Optic Coupling Panel is easy to install, making it perfect for data centers, telecommunication rooms, and any other application that requires a fast and secure fiber optic connection. The blue color of the panel makes it easy to identify and locate, ensuring a hassle-free maintenance process. With 6/8 ports, the Fiber Optic Coupling Panel provides plenty of space for all your fiber optic connections. The panel is also designed to be easily expandable, allowing you to add more ports as your needs grow. Overall, our Fiber Optic Coupling Panel provides a reliable and efficient solution for all your fiber optic connection needs. The high-quality construction, LC Duplex adapter type, and Single Mode fiber mode make it an ideal choice for any high-density application. The blue color and easy installation ensure a hassle-free maintenance process, making it an excellent investment for any organization that requires a fast and secure fiber optic connection.

Features

1. Product Name: Fiber Optic Adapter Panels
2. Fiber Mode: Single Mode or Multimode
3. Dimensions (HxW): 129x29mm
4. Number of Ports: 8
5. Color: Blue/Green/Aqua/Beige
6. Compatible with Fiber Optic Connector Enclosure
7. Adapter Panel Assembly
8. Adapter Cassette Panel

Application

These Fiber Optic Connector Enclosures are made from high-quality materials and are designed to hold up to 24 fibers. The LC Duplex Adapter Type allows for easy connectivity and flexibility in your network. The plate is made from steel and powder-coated black for added durability. Whether you need a single panel or a large quantity, the FIBERMANIA FAP-CLCD12LS Adapter Panels are available for purchase with a minimum order quantity of 10 pieces. And with negotiable pricing and payment terms such as T/T, Western Union, and L/C, you can find a payment solution that works for you. With a supply ability of 100000PCS/Month and a delivery time of 7-10 working days, you can get your network up and running quickly. These Adapter Panels come packaged in a plastic container and carton for added protection during shipping. The blue color of the panel adds a touch of style to your network setup. So whether you're setting up a new network or upgrading an existing one, the FIBERMANIA FAP-CLCD12LS Fiber Optic Adapter Panels are the perfect solution. With their high-quality construction and easy-to-use design, you can be sure that your network will run smoothly and efficiently for years to come.

Mechanical Specifications

Operating Temperature	-40 to +75° C
Storage Temperature	-40 to +85° C
Temperature Cycling	-40 to +75° C, 40 cycles=0.2dB change
High Temperature	70°c for 96Hrs, <0.4dB change
Damp Heat	40° C at 93%RH for 96 Hrs, <0.4dB change
Vibration-Mated Pair	10-55Hz, 1.5mm P to P <0.2dB change
Mating Durability	500 Mating Cycles, clean every 25, <0.2dB change

Packing and Shipping

Product Packaging:

10 Fiber Optic Adapter Panels

Protective plastic wrap

Secure packaging box

Shipping:

Ships within 1-2 business days

Free standard shipping within the US

International shipping available

Tracking number provided

FAQ

Q1: What is the warranty of FiberMania's fiber patch cord?

A: FiberMania warrants that all fiber patch cords supplied are free from defects in material and workmanship for a period of five (5) years from the date of supply. All fiber optic bulk cables are UL profiled and every single cable is 100% tested.

Q2: Is it possible to customize our brand information on your fiber cable?

A: Yes, we can print your brand name onto our cable jacket and 1KM total cable length is requested.

Q3: Can you do 3D interferometer test?

A: Yes, we do the 3D test per our customer's request, we can have the pass rate over 90% and even 100% if necessary.

Q4: What is your MOQ of your products?

A: We only have MOQ for some special customized cable order, we request 1km as the total length of the bulk cable, you may consider stock the bulk cable with us for your urgent order production.

Q5: Are free samples available from you?

A: Yes, we are always happy to offer the free samples for all of our customers' projects provided that the total cost is under 50 US dollars.

Q6: Do you accept OEM and ODM orders?

A: Absolutely yes, we have been doing OEM services since we start in this business, and for every single label, printing, bag and carton design, we always treat it seriously and do it nicely. Our engineers can help you with your current design and even can open the new tooling for your specific project.
