Product Description

6 Ports MPO Adapter Panel Loaded w/6 MPO OM3 Multimode Adapter

The MPO adapter panel is a panel used for installing and managing MPO connectors. This fiber adapter panel is loaded with 6 10GB multimode MPO adapters, giving a total of 6 ports, which can directly connect MPO connectors to equipment. MPO connectors support the transmission of multiple optical fibers at once and are widely used in environments that require high-density fiber connections, such as data centers, communication facilities, etc. It provides a fast and reliable fiber connection method and is suitable for scenarios that require high-density, multi fiber connections.

Applications

1. Data center
2. Network installations

Features

1. Fast and easy installation for fiber optic patch panel
2. Available in grey and black colors
3. Available in white and black buckle
4. LGX design
