Product Description

8 Ports MPO Adapter Panel Loaded w/8 MPO Single Mode Adapter

The MPO adapter panel is a panel used for installing and managing MPO connectors. This fiber adapter panel is loaded with 8 single mode MPO adapters, giving a total of 8 ports., which can directly connect MPO connectors to equipment. MPO connectors support the transmission of multiple optical fibers at once and are widely used in environments that require high-density fiber connections, such as data centers, communication facilities, etc. It provides a fast and reliable fiber connection method and is suitable for scenarios that require high-density, multi fiber connections.

Applications

1. Data center
2. Network installations

Features

1. Includes 6 adapters
2. Quick Field Termination
3. Fast Deployment
4. Simple Installation/Removal
5. Design provides a secure fit
6. LGX design
