## Product Description

### CAT.5E Booted Shielded (FTP) Ethernet Grey Jacket Network Patch Cable

We Supply CAT5E, CAT6, CAT6A, CAT7, & CAT8 Ethernet Patch Cables. Our Ethernet Patch Cords provide quick and easy connectivity for indoor routers, hubs, switches, patch panels, and adapters. Common applications include indoor home and office wiring, through non-plenum areas. These cables come pre-terminated with RJ45 connectors and ready to go. See our selection of Patch Cables that come in a variety of styles from shielded to unshielded and booted to non-booted. Depending on your budget and specifications, find the most ideal Ethernet Patch Cords for your network.

#### CAT5E Ethernet Patch Cables

Running Ethernet cable through your home or office requires flexibility. Solid conductor bulk cable is often times not as pliable, and better suited for long distance runs. CAT5E Ethernet Patch Cables, on the other hand, are composed of stranded copper conductors, which can bend without breaking. We supply CAT5E Ethernet Patch Cords manufactured of superior quality materials with 50 Micron gold plated RJ45 contacts to ensure a steadfast connection.

#### Features:

1. Conductor: 4 Pair FTP 26AWG Stranded Bare Copper
2. Connectors: RJ45 plug with 50 micron gold plating contacts
3. Jacket: RoHS PVC
4. Flammability Grade: CM, CMR, CMP
5. Wiring: T568B
6. Certification: Verified compliant with TIA/EIA standard by UL and ETL; RoHS Compliant

#### FAQ

Q1: What is the warranty of FiberMania's fiber patch cord?

A: FiberMania warrants that all fiber patch cords supplied are free from defects in material and workmanship for a period of five (5) years from the date of supply. All fiber optic bulk cables are UL profiled and every single cable is 100% tested.

Q2: Is it possible to customize our brand information on your fiber cable?

A: Yes, we can print your brand name onto our cable jacket and 1KM total cable length is requested.

Q3: Can you do 3D interferometer test?

A: Yes, we do the 3D test per our customer's request, we can have the pass rate over 90% and even 100% if necessary.

Q4: What is your MOQ of your products?

A: We only have MOQ for some special customized cable order, we request 1km as the total length of the bulk cable, you may consider stock the bulk cable with us for your urgent order production.

Q5: Are free samples available from you?

A: Yes, we are always happy to offer the free samples for all of our customers' projects provided that the total cost is under 50 US dollars.

Q6: Do you accept OEM and ODM orders?

A: Absolutely yes, we have been doing OEM services since we start in this business, and for every single label, printing, bag and carton design, we always treat it seriously and do it nicely. Our engineers can help you with your current design and even can open the new tooling for your specific project.
