Product Description

### CAT.5E Non-booted Ethernet Patch Cable Grey with 24AWG Stranded Conductor

Category 5e patch cables feature stranded wire for repeated flexing and movement without micro-cracking of the copper. Our cables use a short body plug design that minimizes de-twisting of the pairs during the manufacturing process, assuring the highest available performance and employ a flush boot that allows the cables to fit side by side in high density patch fields.

Features:
1. Unshielded twisted pair, having metal braid and sheathing that reduces interference
2. Oxygen-free copper cable ensures signal transmission stable and efficient
3. Standard RJ45 connectors
4. Easy to plug and unplug in high density environment
5. Available in Green/Grey/Orange/Purple/Yellow and other colors to color-code a network
6. High quality PVC jacket material
7. Customizable length

Applications:
1. Data Center
2. Network cabinets
3. Office connectivity network transmission equipment

FAQ

Q1: What is the warranty of FiberMania's fiber patch cord?
A: FiberMania warrants that all fiber patch cords supplied are free from defects in material and workmanship for a period of five (5) years from the date of supply. All fiber optic bulk cables are UL profiled and every single cable is 100% tested.

Q2: Is it possible to customize our brand information on your fiber cable?
A: Yes, we can print your brand name onto our cable jacket and 1KM total cable length is requested.

Q3: Can you do 3D interferometer test?
A: Yes, we do the 3D test per our customer's request, we can have the pass rate over 90% and even 100% if necessary.

Q4: What is your MOQ of your products?
A: We only have MOQ for some special customized cable order, we request 1km as the total length of the bulk cable, you may consider stock the bulk cable with us for your urgent order production.

Q5: Are free samples available from you?
A: Yes, we are always happy to offer the free samples for all of our customers' projects provided that the total cost is under 50 US dollars.

Q6: Do you accept OEM and ODM orders?
A: Absolutely yes, we have been doing OEM services since we start in this business, and for every single label, printing, bag and carton design, we always treat it seriously and do it nicely. Our engineers can help you with your current design and even can open the new tooling for your specific project.
