Basic Information

- Place of Origin: Shenzhen, China
- Brand Name: FIBERMANIA
- Certification: CE, RoHS
- Model Number: NT-1011
- Minimum Order Quantity: 1 Piece
- Price: Negotiable
- Packaging Details: 1PC/Blister Card
- Payment Terms: T/T, Western Union, L/C
- Supply Ability: 1000 Pieces

Product Specification

- Types: Crimping Pliers
- Material: High Carbon Steel
- Function: Cutting, Crimping, Wire Stripping
- Structure: Crimping Tool
- Handle Color: Orange
- Material Of Grip: PVC
- Material Of Blade: C68 Steel
- Material Of Handle&Cover Plate: ABS
- Use Place: Building Decoration
- Specification: RJ45 RJ12 RJ11
- Highlight: **RJ45 Modular Crimping Tool, RJ12 Modular Crimping Tool, RJ11 Modular Crimping Tool**

Product Description

Modular Crimping Tool For RJ45/8P8C, RJ12/6P6C, RJ11/6P4C/6P2C, 4P4C/4P2C Plugs

Modular Crimping Tool for RJ45/8P8C, RJ12/6P6C, RJ11/6P4C/6P2C, 4P4C/4P2C Plugs is a multifunctional crimping tool used for crimping various modular plugs, suitable for RJ45/8P8C, RJ12/6P6C, RJ11/6P4C/6P2C, and 4P4C/4P2C typically integrate wire stripping and cutting functions, allowing for cable cutting, stripping, and crimping operations to be completed on the same device. It is made of high-strength carbon steel or hardened steel, the surface is treated with electroplating, which has good wear resistance and corrosion resistance. At the same time, it is equipped with anti slip handles, which are comfortable to operate and suitable for long-term use. It is widely used in network cabling, telephone line installation, home or enterprise network maintenance and other fields.

Features

1. For 8P8C/RJ45, 6P6C/RJ12, 6P4C/6P2C/RJ11, 4P4C&4P2C Plugs
2. High precision crimp die & high quality durable steel blade
3. Hardened and black anti-oxidation treatment, light weight body
4. PVC Non-slip handle

Operating Instruction:

1. Put cable into part of cut blade
2. Press handle
3. Loosen the crimper
4. Put the cable into part of strip blade
5. Press handle and rotate cable
6. Outside of the cable be strip
7. Tidy inside cable
8. Cut inside cable
9. Insert cable into the crystal head
10. Check if put the cable in the bottom
11. Put crystal head into the plug
12. Check if right location for crystal head
13. Keep crystal head in the bottom of plug
14. Press handle in the bottom
15. Fished

Q1: What is the warranty of FiberMania's fiber patch cord?

A: FiberMania warrants that all fiber patch cords supplied are free from defects in material and workmanship for a period of five (5) years from the date of supply. All fiber optic bulk cables are UL profiled and every single cable is 100% tested.

Q2: Is it possible to customize our brand information on your fiber cable?

A: Yes, we can print your brand name onto our cable jacket and 1KM total cable length is requested.

Q3: Can you do 3D interferometer test?

A: Yes, we do the 3D test per our customer's request, we can have the pass rate over 90% and even 100% if necessary.

Q4: What is your MOQ of your products?

A: We only have MOQ for some special customized cable order, we request 1km as the total length of the bulk cable, you may consider stock the bulk cable with us for your urgent order production.

Q5: Are free samples available from you?

A: Yes, we are always happy to offer the free samples for all of our customers' projects provided that the total cost is under 50 US dollars.

Q6: Do you accept OEM and ODM orders?

A: Absolutely yes, we have been doing OEM services since we start in this business, and for every single label, printing, bag and carton design, we always treat it seriously and do it nicely. Our engineers can help you with your current design and even can open the new tooling for your specific project.
