Product Description

Universal Stripping Tool For Round and Flat RG59 RG6 RG7 RG11 Ethernet Coaxial

The universal stripping tool is a multifunctional stripping tool designed specifically for stripping the outer skin of coaxial cables such as RG59, RG6, RG7, RG11, and CAT5, CAT6 Ethernet cables, telephone lines and so on. It is suitable for scenarios such as security monitoring, cable television (IPTV), and network installation. This cable stripping tool is constructed from sturdy, yet lightweight yellow plastic and features a safe (accident free) center blade to cut through any cable depth. A spring-loaded cable cutter with an adjustable stripping blade for versatility.

Features

1. light weight, easy to operate
2. Stripping and Cutting Tools
3. Strip and Cut Coax Cables
4. Strip and Cut Ethernet Cables
5. PVC Non-slip handle
5. Applied for stripping, cutting

Q1: What is the warranty of FiberMania's fiber patch cord?

A: FiberMania warrants that all fiber patch cords supplied are free from defects in material and workmanship for a period of five (5) years from the date of supply. All fiber optic bulk cables are UL profiled and every single cable is 100% tested.

Q2: Is it possible to customize our brand information on your fiber cable?

A: Yes, we can print your brand name onto our cable jacket and 1KM total cable length is requested.

Q3: Can you do 3D interferometer test?

A: Yes, we do the 3D test per our customer's request, we can have the pass rate over 90% and even 100% if necessary.

Q4: What is your MOQ of your products?

A: We only have MOQ for some special customized cable order, we request 1km as the total length of the bulk cable, you may consider stock the bulk cable with us for your urgent order production.

Q5: Are free samples available from you?

A: Yes, we are always happy to offer the free samples for all of our customers' projects provided that the total cost is under 50 US dollars.

Q6: Do you accept OEM and ODM orders?

A: Absolutely yes, we have been doing OEM services since we start in this business, and for every single label, printing, bag and carton design, we always treat it seriously and do it nicely. Our engineers can help you with your current design and even can open the new tooling for your specific project.
