

1M MTP/APC Female to 12 SC/APC Simplex Fanout Cable – OS2 Single Mode, 12 Fibers

Basic Information

Place of Origin:
 CN

Brand Name: Fiber-Mania

Model Number: MAFSA-SM12S3RYL01

Minimum Order Quantity: 10

• Packaging Details: Standard Packing

Delivery Time: 3-7 days

• Payment Terms: L/C, D/A, D/P, T/T, Western Union,

MoneyGram

• Supply Ability: 500,000 per month

Product Specification

Compatibility: Compatible With Major Brands

Cable Dimension: 4.8mm/7.0mmConnector Polishing: PC/UPC/APC

Fiber Type: Single Mode/Multimode

Material: PC+ABS
Protection Level: IP67
Cable Length: Customized

• Fire Protection: UL94-V0

• Warranty: 1 Year

• Transmission Rate:

• Transport Package: Carton

• Cable Type: Armored Fiber Optic Cable

Highlight: 1M MTP/APC to SC/APC fanout cable,

OS2 single mode fiber optic cable,

12-fiber FTTA patch cable

10G/25G/40G/100G

Product Description

The 1 Meter MTP/APC Female to 12 SC/APC Simplex Fanout Cable is a high-performance distribution solution designed for high-density single-mode network environments. Built with 12 OS2 9/125 µm fibers, this fanout assembly provides efficient backbone-to-breakout connections in data centers, telecom rooms, and enterprise networks.

The cable features an MTP/APC female connector on one end and 12 SC/APC simplex connectors on the other, enabling quick and reliable patching to individual ports. Its factory-terminated design ensures low insertion loss, consistent optical performance, and significant savings on installation time and labor compared to traditional field terminations.

Constructed with YOFC/Corning glass fiber, a 3 mm OFNR-rated mini round jacket and 2.0 mm breakout legs, this fanout cable offers durability, flame resistance, and easy handling during deployment. The 1-meter length makes it ideal for rack-torack interconnections, patch panels, or fiber distribution frames in structured cabling systems.

Technical Specifications

Connector Type: MTP/APC Female (no pins) to 12 × SC/APC Simplex

Fiber Count: 12 Fibers

Fiber Type: OS2 Single Mode (9/125 μm), YOFC/Corning Glass

Cable Length: 1 Meter

Jacket Diameter: 3 mm (Main Cable) Breakout Diameter: 2.0 mm (Per Leg) Jacket Type: OFNR (Riser Rated)

Color: Yellow **Key Features**

High-density MTP to SC fanout for quick, clean distribution of 12 single-mode fibers.

Factory-terminated for stable, low-loss performance and rapid deployment. OS2 9/125 μm fiber ensures long-distance, low-attenuation transmission. Compact 3 mm jacket and 2.0 mm breakoutfor space-efficient routing. Rugged OFNR-rated construction for safe indoor riser installations. Ideal for LAN, WAN, SAN, and broadband backbone applications.

Typical Applications

Data center backbone distribution Patch panels and fiber distribution frames Telecom central offices and enterprise networks LAN/WAN/SAN interconnections High-density single-mode cabling environments
