Product Description

This white half-round cable spool is designed to organize and manage fiber cables inside patch panels, termination boxes, and distribution enclosures. It guides fibers into a smooth radial coiling pattern, helping maintain proper bend radius, improving internal layout, and enabling structured identification and inventory control. Its lightweight and durable design ensures stable cable routing, making it ideal for high-density fiber management environments.

FiberMania provides high-quality cable spools manufactured with precision molding, offering multiple height options and full OEM customization for global customers.

Features (Optimized)

Product Name: Cable Spool

Country of Origin: China

Application: Suitable for ODF and fiber management systems

Packaging: 100 pcs per box

Height Options: 15–100 mm

Color Options: Black or Grey

OEM Service: Available

Warranty: 10 years

Applications (Rewritten)

Fiber Optic Patch Panels

Fiber Termination Boxes

Fiber Distribution Boxes

ODF (Optical Distribution Frames)

Specification

NAME:	Spools
Country Of Origin:	China
Application:	For ODF
Package:	100pcs/box
Height:	From 15~100mm
Color:	Black or Grey
OEM:	Welcome
Warranty Period:	10 Years
